MAGIC REINDEER FOOD

Scatter this outside tonight,
then tiptoe off to bed.
The reindeer spot it from their flight
and stop here to be fed.

The recipe, safe for birds and other wildlife

Two handfuls of rolled oats and one handful of bird seed. Leave out glitter and sequins: they are plastic, and the birds that finish the food eat them too. If you have a dog, leave out raisins as well.

Cut out the tags and tie one to each bag or jar of reindeer food.
